- Digitech, Inc. was tasked with investigating evidence relevant to the aforementioned conspiracy.

As described fully in the report, Digitech, Inc. made the following findings.

Evidence from Tracy's phone has shown there was collusion between Tracy, Pat, and King to steal stamps from NGDC and that Tracy was providing NGDC information to assist with Carry's so-called "flash mob" but it ended up being a scheme to damage foreign artwork at NGDC.

Equipment and Tools

The tools used in our findings consisted of using the following:

- Autopsy (digital forensic tool)
- Kali Linux (operating system)
- DB Browser for SQLite (database)
- Google Earth / Google Maps

Carry:

Phone Number: (202) 725-2124

Email: carrysum2012@yahoo.com

Relationship: Acquaintance of Tracy

The data collected is from Tracy's phone, and the email associated with the Apple ID is 'tracysumtwelve@gmail.com'. Also, her work email 'tracy.sumtwelve@nationalgallerydc.org' was setup on this phone, along with another email address under the alias name Coral Blue. Tracy is a supervisor at the NGDC. She is colluding with her brother, Pat (Perry), and his accomplice, King (Kart), to steal stamps at the NGDC. She is also getting some help from her colleague Carry (Cat) at NGDC to get some pictures on a tablet. Joe is Tracy's ex-husband and installed a keylogger program on Tracy's laptop to monitor their daughter Terry's activity on the Internet. This tracking led Joe to find out about Tracy's attempt to steal from NGDC and reported her to the police.

Evidence relating to theft of valuable stamps

This sub-section provides details regarding the evidence found as it relates to the theft of valuable stamps.

Evidence has shown that Tracy, Pat, and King were corresponding with each other to steal valuable stamps from the NGDC. Tracy's phone contained images of stamps that they were interested in stealing.

An email was sent from Pat to King telling him about the planned stamp heist at NGDC and is asking for his assistance, but instead is blackmailing him (see Appendix A, Artifact #2).

King sends an email with an attached document listing the tools he will need for this heist (see Appendix A, Artifact #4 and Appendix B, Artifact #4).

Pat forwards an email to Tracy, letting her know the tools that King will need (see Appendix A, Artifact #5 and Appendix B, Artifact #4).

In regards to the attachment stating the tools needed, Pat texts Tracy letting her know that her friend (actually Tracy) will need to change the attached file to a PDF format (see Appendix A, Artifact #106).

Tracy sends an email to herself with an attached ZIP file (see Appendix A, Artifact #3). This compressed file contained three pdf files which were memos about stamp insurance. The memos contained specific stamps and the amount each was insured for.

Evidence relating to defacement of museum art

This sub-section provides details regarding the evidence found as it relates to the defacement of museum art.

Evidence has shown that Tracy was communicating with Carry to assist with Carry's "flash mob" by giving sensitive information about NGDC. Again, this was just a ruse to deface artwork at NGDC.

Text messages detail the communication with Tracy and Carry about meeting up at Bubba's grill (see SMS Message Content, Artifacts # 7, # 8 & # 13, # 14).

Another text message indicates another meetup between Tracy and Carry but this time, Tracy will bring Carry's tablet in with her (see SMS Message Content, Artifacts # 21 & # 22).

In regards to the "flash mob", Tracy asks Carry how is that going via text message (see SMS Message Content, Artifacts # 23).

Plot Timeline

Date	Information
Tuesday, June 19, 2012	Pat sends Tracy information about a virtual machine.
Thursday, July 5, 2012	Text messages between Tracy and Carry about meeting up at Bubba's grill.
Friday, July 6, 2012	Tracy meets up with Carry at Bubba's grill.
Friday, July 6, 2012, through Tuesday, July 10, 2012	Correspondence between Tracy, Pat, and King about the tools needed for the stamp heist.
Sunday, July 08, 2012	Tracy photographs the stamps that they are interested in stealing.
Monday, July 09, 2012	Tracy sends herself copies of memos regarding insurance for specific stamps.
Wednesday, July 11, 2012	Tracy meets up with Carry again to take Carry's tablet in with her.
Thursday, July 12, 2012	Tracy asks Carry about the status of the "flash mob".

Conclusion

Evidence found on Tracy's iPhone indicated the following:

From the email correspondence, text messages, photo images, and other miscellaneous information, the evidence has shown that Terry was colluding with Pat and King to steal valuable stamps from the NGDC. Another discovery from this investigation was Terry's willingness to give sensitive information to help out Carry's "flash mob". This information was gathered to wanting to damage artwork at NGDC.

The email correspondence has revealed that both Tracy and Pat were using alias names.

Tracy's alias name was Coral while Pat's was Perry.

It also has come to light that Terry was having financial issues with paying for her daughter, Terry's tuition at Prufrock from her text messages and a note to herself on her phone.

The evidence of the attachment file stating the tools needed for this heist, stamp insurance memos, and stamp photo images revealed the details and planning that went into this heist of stealing stamps at NGDC. The discovery of deface artwork at NGDC was a consequence of finding out about the heist.
